

Manhattan Flying Tigers Approved Instructor Form

We appreciate your interest in providing instruction to members of the Manhattan Flying Tigers (MFT) flying club. Our MFT Bylaws stipulate that “Only Certified Flight Instructors, unanimously approved by the (MFT) Board (of Directors) may offer instruction to members *in Club aircraft.*”

The Club does not wish to infringe on areas of responsibility covered by appropriate agencies governing qualifications, experience, medical condition etc.; however, we do require that each instructor abide by the following requirements as a condition of receiving the Board’s approval:

1. Adhere to MFT Operating Rules.
2. Adhere to MFT Hangar and Aircraft Ground Handling Operations Check List. In addition, review and reinforce these instructions with each Club primary student pilot at least twice during primary instruction; and, during each BFR for Club private pilots.

In addition, the Club Training Officer may invite you to deliver a short presentation on a flight safety subject of your choice at a regular Club meeting. We would expect this to occur on a 14-18 month cycle, and your acceptance, while greatly appreciated, would be voluntary and uncompensated.

If you agree to the two stipulations above, please sign and return this document to:

Manhattan Flying Tigers
P.O. Box 4006
Bozeman, MT 59772
or email to admin@mft-bzn.com

The Board expects to take action to approve instructor pilots at the next scheduled Club meeting. The MFT requirement for Board approval pertains only to those instructors who would like to instruct club members in Club aircraft – i.e., any Club member can obtain instruction or a BFR from any instructor in a similar aircraft not owned by the Club.

We appreciate your willingness to consider providing flight instruction for our members.

If you have any questions, please e-mail us at admin@mft-bzn.com or you may call Greg Brainerd at 223-0134
